

VIDEO CONSORTIUM POLICY STATEMENT

I. PURPOSE

The video consortium is a cooperative arrangement between member institutions and the Career & Technical Education Resource Center whereby instructional videotapes and cd-roms are purchased, housed and maintained at the South Dakota State Library for scheduled use by consortium members.

II. ADMINISTRATION

Administration of the consortium is the responsibility of the Career and Technical Education Resource Center.

III. MEMBERSHIP

Membership is open to all vocational/technical and guidance programs in South Dakota schools that pay a membership fee. Each school may choose to join for certain programs and not for others. Only those programs for which fees have been paid will have access to the videotapes.

IV. FEES

A fee of \$65 per career/technical or guidance program will be required for membership. The fee will not exceed \$300 per school. Payments should just be sent in the beginning of each school year for renewal membership for that year.

V. COPYRIGHT ACKNOWLEDGMENT

All videos/cd-roms purchased for the video consortium will be copyrighted. We reserve the right to revoke any membership if copyright laws are violated.

VI. MEDIA SELECTION

Selection of videos for purchase is based on input from consortium members.

VII. LOAN POLICY

Consortium videotapes are loaned for fourteen days from the date they leave the Career & Technical Education Resource Center. **Loan privileges may be revoked to any members with videotapes overdue.**
